

## Smart, Sach Win School Posts In District Election

### Fair Turn Out of Voters Responds to Local Balloting

Reginald Smart of Truckee and Denis Sach of Tahoe City are the two new members of the governing board of the Tahoe-Truckee Unified School District.

At the election held Friday afternoon, Smart polled 178 votes, Sach 158 and the incumbent Harold Stark of Tahoe City 115. The count is unofficial.

Smart will replace V. C. Shattuck of Truckee, who was not a candidate for reelection.

The count by precincts showed the following results:

Kings Beach: Stark 15, Sach 25, Smart 12.

Tahoe City: Stark 39, Sach 102, Smart 58.

Truckee: Stark 35, Sach 22, Smart 78.

Donner: Stark 10, Sach 8, Smart 13.

Floriston: Stark 16, Sach 1, Smart 17.

### 20-30 SHOW WILL PROVIDE BENEFIT FOR ILL FAMILY

Discarding plans to present their popular Harem Girls Show as a benefit for the club, officers and members of the Truckee 20-30 have decided to offer the entertaining comedy as a benefit for a young Kings Beach family.

The breadwinners in the family are seriously ill and require financial assistance for the two small children. Hearing of this, the 20-30 readily decided to present their production at the Brockway Theater next Thursday evening with two shows, one at 6:30 and the second at 9 p.m.

All admissions will be in the form of donations, sponsors hopeful that because of the urgency the minimum will be \$1. The show, directed by Hugh Smith, was part of the program at the recent 20-30 convention here.

### COUPLE RETURN AFTER 33 YEARS

Mr. and Mrs. F. B. McKeever, formerly of San Francisco where he has lived for 33 years, have arrived to make their home at Tahoe Pines. McKeever, a native of Truckee who was born at the location now occupied by Hill Top Lodge, recalled that ice was then cut commercially here during the winter months.

### UNIT HERE FOR JOSEPH POWERS

Joseph A. Powers, 60, of Wolfe, Nevada County, expired Tuesday night at the hospital in Nevada City. The body is being brought to Truckee and funeral arrangements are being made with the Truckee Colonial Mortuary. Powers was a veteran of the first world war.

### TRUCKEE RESORT STATION IS SOLD

Marion Jones has arrived here from Oroville to take over the management of the service station and store at Truckee Resort. He will be assisted in the operation of the two establishments by his sister, Mrs. Samuel Kahoni of Sacramento, he said.

Jones said he's purchasing the station and store from I. O. Gifford, who is retaining ownership of the resort, cafe and other facilities there.

Jones said he enjoys this area and is desirous of getting better acquainted with residents of the district.

### DEPOSIT OFFICES OF BANK TO OPEN

R. E. Saunders, manager of the Truckee branch, Bank of America, announced this week that the Lake Tahoe deposit offices of the local branch will open June 1 and continue in operation until September 30. The offices will be located at Tahoe City and Tahoe Valley at the same locations as last year and will operate on the same policy.

Steven Pelayo of Sacramento will be in charge of the Tahoe City office and George Turner will be in charge at Tahoe Valley. Both have worked at the Truckee branch within the past year. Saunders will be manager in charge of the two Tahoe offices under the jurisdiction of the Truckee branch.

### Priest Visits—

Father Cornelius P. Higgins of the Sacramento Catholic Diocese, visited here last week en route to Al Tahoe where he assisted in dedicating the new Catholic Church there.

### Eighth Graders Will Graduate At Ceremonies

The Eighth Grade will have their annual dinner and presentation of certificates on Thursday evening, May 28, in the high school cafeteria. Friends of the eighth graders will be admitted by ticket only for this occasion, since the space is limited.

The seventh graders, under the direction of Gordon Butterfield, will be in charge of the decorations and serving of this dinner. Mrs. Emily Bergmans, assisted by Mrs. Stanley Zwarg, will prepare the dinner.

The eighth grade, under the direction of Mrs. Dunne, will be in charge of the program for the evening. Carol Street, president of the class, will lead the group in the Pledge of Allegiance and Yvonne Brines will act as master of ceremonies.

Everett O'Rourke, district superintendent, will award the certificates and George Bergen, principal of the high school, will give the address. The class prophecy will be read by Nancy Bergmans. The eighth grade chorus will sing at this program under the direction of Joseph Mustol.

### NEW WHITE WAY DEVELOPING AT GATEWAY AREA

Truckee is fast developing a second little Great White Way.

The Gateway Park shopping district this week is made brilliant by the installation of five latest type street lights, each providing 12,000 lumens and with 400-watt lamps. The five electroluminescent installed this week were provided by R. Joseph, developer of the Gateway Tract, who plans installation of still more.

The five augment three previously erected by the Tahoe Forest Hospital at the two intersections with Highway 40. Although financed privately, the modern lighting system was installed by the Truckee Public Utility District.

### DON SCHULERS HAVE BABY SON

Mr. and Mrs. Don Schuler became the parents of their fourth child, John Lawrence, at Reno on Saturday, May 16. John, who weighed 6 pounds 3 ounces at birth, has two sisters, Ronnie and Susan, and a brother, Don Jr.

### TRUCKEE CLUB WINS AWARD

Presentation of first place award in the general Federated Women's Clubs safety contest will be given to Mrs. Fred Pedley, as president of the Wyethia Club of Truckee, at a convention of the organization to be held in Washington, D. C., May 23-29.

Mrs. Pedley said this is the first time the award has been received in California. She plans to leave by airplane for the east on Saturday.

### FIRM'S BEGINNING SHOWN ON FILMS

A motion picture depicting the formation and development of Dun and Bradstreet's credit rating system was shown at a meeting of the Lions Club at Donner Lake Lodge last night. The picture was procured by Robert Saunders, Truckee bank manager.

C. R. Heller was program chairman and Angelo Besio presided. Charles Cross was a guest.

### BACCALAUREATE TO BE ON SUNDAY

Baccalaureate, honoring the Senior Class of 1953, will take place on Sunday evening, May 24, at 8 p.m. in the high school gymnasium.

The high school chorus and band under the direction of Joseph Mustol will take part. The chorus will sing "Ave Maria" by Schubert, "Adoramus Te" by Palestrina and "The Heavens are Telling" by Hayden. The band will play the processional and recessional.

Rev. Patrick O'Neill will be the speaker of the evening and the invocation and benediction will be offered by Rev. A. A. Carmichael.

### Second Dry Fruit Truck Wrecked On Local Grade

#### Vacation is Marred as Cars Collide Near Truckee

The second truck load of dried fruit to wind up adorning the rocky slopes of Donner Grade this spring was being salvaged last week after the vehicle driven by Jack Burney of Oklahoma went off the highway Friday morning.

All types of California dried fruit from raisins to pears were scattered far and wide as the truck seemed virtually to explode as it crashed into the rocks below the grade.

The driver was taken to the Tahoe Forest Hospital for treatment for minor injuries. Patrolman Carroll Maynard made the investigation, issuing a citation to the driver.

Just a month ago, a truck laden with dried California fruit bound for Newport, Minn., driven by Lloyd Nordby, plunged 300 feet off the highway a short distance above where the load was spilled Friday. The driver then leaped to safety but was handed a citation for having faulty equipment.

#### Local Crash

The vacation trip of Mr. and Mrs. W. J. Mitchell of Hibbing, Minn., was brought to a sudden stop at the Gateway Shopping Center when their car and one driven by Robert R. Linton, 27, patient at the Oak Knoll Hospital at Oakland, collided.

Mrs. Mitchell suffered minor injuries. Patrolman Martin Sturcke cited Linton for speeding in a 35-mile zone.

### PLAY DAY HELD FOR LOW GRADES AT LOCAL PARK

The 1st, 2nd and 3rd grades of Truckee Elementary School Monday staged a very successful Play Day at the Truckee ball park, directed by Mrs. Helen Trask, Mrs. Olla Tiffie and Mrs. Mary Ellen Smith, who was substituting for Miss Pat O'Brien who was absent due to illness. The teachers were assisted by Mesdames John Wardman, J. F. Bays, Roy Elf, Lew Baysinger, Lester Braasch, Glenn Miller, Charles Cozzi, E. L. Kohl and Gilbert Kumble.

The children and their parents brought packed lunches and spent several hours enjoying various games and beautiful weather. April Lander and Dennis White-neck won the sack races, Rickie Rockholm and Jimmy Osburn won the boys' three-legged race with April Lander and Karen Smart taking the girls' contest. In the sprint, Charles Glenn, Ronald Hopkins and Rickie Rockholm won first, second and third places.

### BANKRUPTCY FOR COUPLE NEAR END

Evan J. Hughes, referee in bankruptcy, has announced that June 18 has been set as the last day for filing objections to discharge the bankruptcy case against Frank Foster Stilson and Arlene Cushman Stilson, former local restaurant operators.

### DONLAC CAFE OPENS FOR SEASON SOON

Donlac Coffee Shop, located at the west end of Donner Lake, to open Sunday, May 24, will feature grilled steaks, southern fried chicken, hamburgers in a basket, to be served until two in the morning. The popular eating place is part of Tom and Jerrie Bonano's Donlac Lodge. It is also planned to serve breakfasts, light lunches and sandwiches as well as dinners.

### DRUNKEN DRIVER FINED IN COURT

Everett L. McBride, 48, San Mateo, was fined \$265 when he appeared before Judge F. W. Wilson this week on a charge of drunk driving and driving on the wrong side of the highway. He was cited by Patrolman Carroll Maynard.

## Sun Beams

by WALTER BARRETT

The California State Chamber of Commerce has kicked off a statewide highway cleanup campaign which should have the support of every organization and of every citizen. Our state is an outdoor state in which people spend more of their lives in the open than almost anywhere else in the nation. As a result, they tend to litter it up and nowhere more so than along the highways. Now that winter winds and rains have pretty well disposed of last year's roadside accumulations of paper and trash, the state chamber believes is a good time to make a new start. Motorists are being asked to carry a supply of paper bags in their cars. They can be used for grocery bags. Instead of flinging cigarette packages and gum wrappers, bottles and beer cans, orange peels and tissues out of car windows, motorists should place them in a paper bag, then deposit the bag in a roadside trash receptacle. The state division of highways is being asked to provide these receptacles at intervals along our highways. Roadside services are likewise being asked to cooperate by making their trash containers available. If all else fails, motorists can take the trash bags home and place them in their own trash containers. California competes with other states for tourist trade but unlike many other states, it has done little to make its roadways attractive. The current campaign is a start in that direction. It should be more than a short-term campaign. It should be a permanent program.

### 63 PARTICIPATE IN BANQUET FOR MOTHERS, GIRLS

The Mother and Daughter banquet last Thursday night at the Community Methodist Church was enjoyed by 63 women and girls. Awards were given for the eldest mother present, Mrs. Hannah Stewart; the mother with the most daughters, Mrs. George Kaspian and Mrs. Gerald Crew, tied with three each; youngest mother, Mrs. John Street.

A program of readings, solos and group singing was enjoyed, with Mrs. George Kamp at the piano. Following dinner, home made ice cream was featured for dessert. The repast was prepared by Rev. A. A. Carmichael and served by John Street, Daven Morey, Lester Braasch, Orval Vaughan and W. M. Englehart Jr.

Diners included Mrs. George Kaspian, Diane Kaspian, Mrs. Stanley Songer, Rosalie Kaspian, Mrs. Eugene Ridsen, Nancy Kaspian, Mrs. James Walker, Karen Walker, Mrs. Daven Morey, Anne Morey, Mrs. Orval Vaughan, Caroline Vaughan, Mrs. Charles Kay, Liane Kay, Mrs. W. M. Englehart Jr., Gail and Irene Englehart, Mrs. William Englehart Sr.

Mrs. Augustus Benjamin, Bonnie Fair, Mrs. Glenn Miller, Mary Ann Miller, Mrs. Henry Beck, Sue Guymer, Mrs. Ella Knapp, Mrs. A. Mayer, Shirley Guymer, Mrs. J. L. Taylor, Carleen Rae, Phyllis Taylor, Mrs. George Kamp, Charlotte and Nedra Ray, Joan Painter, Mrs. Clarence Tollefson, Mrs. Mary Jane Tollefson, Mrs. Gwendolyn Ralphs.

Mrs. Gerald Crew, Vivian, Valerie and LaVonne Crew, Mrs. Roy Slate, Joyce Slate, Mrs. I. Firpo, Vickie and Steffie Firpo, Mrs. Geo. Waters, Ella Waters, Mrs. Oscar Quam, Dorene Quam, Mrs. Lester Braasch, Leilani and Kathy Braasch, Mrs. Reginald Smart, Karen Smart, Mrs. John Street, Kathy Street, Mrs. Hannah Stewart, Mrs. Elizabeth McKay, Mr. and Mrs. C. B. White.

Mrs. John Swineford, Mrs. A. A. Carmichael, Mrs. Nettie Carmichael.

#### First Birthday—

Jody Lea, daughter of Mr. and Mrs. K. F. Stewart is the incentive for a party today, May 21, her first birthday.

#### Live at Lake—

Mr. and Mrs. Martin A. Johnson came up from San Diego and are again occupying their Donner Lake property.

### Traffic Shows Big Gain Over Local Highway

#### Truckee Station is Back In First Place For North

Travel into California by way of Truckee's quarantine station just west of here showed a decided increase during April as compared to a sharp slump in March, the state department of agriculture reports.

There were 26,510 cars checked at the station last month compared to 20,372 for March and 22,270 in February. A total of 3,187 commercial vehicles were also inspected at the station. Oil trucks are not included in the commercial vehicles checked. The total passenger count for all vehicles was 90,415, which included passengers on 573 buses.

In April, 1952, there were 24,312 cars checked here.

At Meyers on Highway 50 during last month, 6,599 cars, 378 commercial vehicles and no buses with a total passenger count of 17,276 were inspected, the report shows.

Truckee was back in third place among the 18 border stations, exceeded only by Yermo with 45,932 cars and Blythe with 27,125. Both these stations are in southern California, so Truckee led all northern California stations, its closest rival being Hornbrook on the Oregon border with 14,911.

### SCHOOL PROM AT DONNER LAKE TO ATTRACT CLASSES

The Junior-Senior Prom will be held at Donner Lake Lodge Saturday, with dinner time set for 8 p.m.

Seniors and faculty members of Tahoe-Truckee High School will be guests of the Junior Class. One member of each couple planning to attend the prom must be either a junior or a senior.

The following juniors, with their committees and advisors, have made the plans for this year's prom:

Jeannie Rood, general chairman; Jean Holmes, decoration chairman; Jerry Quam and Calvin Gandy, entertainment chairman; Adonna Goodpasture, bids chairman; Hugh Van Hooser, cleanup chairman; Alberta Cooper, refreshment chairman; Ronald Eberhart and Marilyn Daily, advisors.

### USED CLOTHING BECOMES SURPLUS

Mrs. Fosten Wilson announced this week that the used clothing which has been donated for distribution will be given to the Community Methodist Church for a rummage sale on Friday, May 22, and any balance will be sent to the Salvation Army at Reno.

Mrs. Wilson also requested that no further contributions of clothing be sent into the local justice court office, until a future need for garments arises.

### DAD, DAUGHTER SHARE AT PARTY

Mrs. James Harris entertained at a dinner party in honor of the dual birthdays of her husband and daughter, Ireda, on Tuesday evening, May 19. Mr. Harris and 11-year-old Ireda shared the honors when the cake was cut. Those present also included Tura Ann Kaylor, Donna Barnes, Arlene Copeland, Aletha Marquis and Jim Harris.

#### GOING OVERSEAS

Lt. Col. Colin Campbell visited here briefly this week, before returning to his army station at Dallas, Texas. Col. Campbell will leave Texas shortly for a tour of duty in Germany.

#### Move to Suisun—

Mr. and Mrs. James Leamon, formerly of Truckee, have recently moved from Willows to Suisun. The former was transferred to the new location by the department of fish and game, having recently passed a promotional examination.

### Mock Trial Will Show Process In Traffic Hearing

A lot of people have a very vague and often distorted idea of court procedure in dealing with minor and criminal charges, and this uncertainty can be eliminated through a program arranged for tomorrow morning at 10:30 o'clock.

Judge F. W. Wilson and officers of the California Highway Patrol cooperating with Mrs. Fred Pedley, Wyethia Club safety committee chairman, have set up a traffic court for that time in the local justice court and everyone is invited to attend and witness and hear the mock hearings.

The plan is to carry out the case from the time the citation is issued until it is finally disposed of in court.

Sergeant Frank Smith and Patrolman William Gautsche will represent the highway patrol in a misdemeanor and felony mock arrests.

### STORMS IN AREA BRING MOISTURE TO HIGH LEVEL

All worries over whether or not precipitation in the Sierra would provide normal conditions this summer apparently have vanished with a report by the U. S. Forest Service at Truckee that with the 1.26 inches this week, the total for the season is now 29.18 inches, or 2.51 inches over the normal for May 31.

The forest service measured two and a half inches of snow on the ground as the result of the storm which hit here last night under a lashing wind.

The skid chain control was being enforced over Donner Summit this morning as wet snow, mixed with rain, continued to pile up. The forecast was for clearing weather Friday.

### BIBLE SCHOOL TO BE HELD JUNE 1

Daily Vacation Bible School will be held at the Community Methodist Church beginning June 1 and continuing through June 12. A registration fee of 25 cents per child will be charged and children may register from the age of four years.

Classes begin at 9 a.m. and run until 11:30. Teachers will include Mrs. J. L. Taylor, Mrs. Gene Ridsen, Mrs. Howard Ingham and Mrs. William Englehart Jr.

### FORMER TRUCKEE GIRL IS MOTHER

Yesterday, May 20, Mr. and Mrs. D. H. Gilliam of Davis welcomed their second daughter, born at a Sacramento hospital. The little girl has been named Vickie Jo and weighed 5 pounds 2 ounces upon arrival. The mother is the former Ophelia Dominguez of Truckee.

### LINDA LOYND IS INJURED AT PLAY

Linda Loynd, 12 year old daughter of Mr. and Mrs. W. A. Loynd, has her right arm in a cast as the result of an accident while playing at school yesterday. Linda was playing softball and fell, breaking a bone in the lower arm. She was treated at Tahoe Forest Hospital and returned home.

### TAHOE MAN HURT IN BOAT MISHAP

John Howard of Kings Beach is in Tahoe Forest Hospital with a broken right ankle. While attempting to secure a boat at Tahoe yesterday, Howard had his ankle caught between the boat and the shore, causing the fracture.

#### RUMMAGE SALE

The rummage sale held by the Woman's Society of Christian Service will open tomorrow morning at 10 o'clock in the Truckee Community Methodist Church and continue for two days.

#### At Meeks Bay—

Mrs. Jody Maher is again at Meeks Bay after several months spent at Palm Springs.

## Clue In Murder Found At Local Checking Station

### Hunt Continuing as Car Of Victim Found At Reno

The only clew which has thus far been developed in the finding of the murdered body of Howard A. Conard, 37, Vallejo accountant, was found at the Truckee quarantine station where a check by Reno and Placer County officers disclosed the fact that Conard drove his car west through there at 4 p.m. Monday, May 4.

#### Mystery Passenger

At the time he was accompanied by a companion but the clerk on duty, Arnold Miedema of Kings Beach, was unable to supply a description. Conard, however, got out of the car briefly during the stop and his picture later was identified by Miedema.

Conard's bullet torn body was found near a Pacific Gas and Electric Company canal between Emigrant Gap and the Bear Valley highway Sunday. He had been shot three times with a .38 calibre pistol.

Later the victim's blood splashed car, with bullet dents in the top, was found abandoned on a Reno street.

#### Lost Money

A check with Vallejo revealed that Conard had gone to Reno and was at the time carrying a sizeable amount of money. It was later learned, however, that the morning he disappeared he had borrowed on a watch to finance his homeward trip.

It is presumed that his unknown assailant procured a ride with Conard and that somewhere between here and where the body was found shot the driver. One bullet was fired under the right arm, another struck the right shoulder and the third was in the neck.

The slayer then apparently returned to Reno where the car was abandoned.

Officers are convinced that some one familiar with the roads in the area was involved in the murder. The body was on the bank of a dry canal some distance off the main road. It was discovered by Andrew A. Jensen of Grass Valley, a PG&E employee.

### TRUCKEE JEWELER OFFERS WATCH TO SCHOOL GRADUATE

One of the 24 graduating seniors of Tahoe-Truckee High School will be presented with a 17-jewel watch on graduation night by Mr. and Mrs. Rex Thomas of Thomas Jewelry store in Truckee. A large eight day clock in the window of the store on Commercial Row will determine which one it will be.

Instead of hours and minutes, the clock carries the names of each graduate elect. A single hand is making its way around the dial and when it stops next Thursday or Friday, it will point out the name of the fortunate senior. In case the individual does not want or need the watch, he or she may select other merchandise of equal value from the store, Thomas said.

### HOBBIES TO BE WYETHIA SUBJECT

Hobbies will be featured at the June 5 meeting of the Wyethia Club, to be exhibited by members. Stamp, coin, old china collections are some of the varied hobbies to be viewed and discussed during the affair.

### MRS. DOLLEY TO BE CLUB HOSTESS

Mrs. N. F. Dolley will be hostess to the garden section of the Wyethia Club in her home Friday, May 22, at 8 p.m.

Demonstrations of flower arrangements will feature the session. Anyone interested will be welcome to attend.

Mrs. E. L. Loynd, Mrs. Dolley or Stanley Songer may be contacted by those who wish to exchange plant slips or seedlings.

### CYCLISTS WARNED BY STATE OFFICER

State Patrolman Carroll Maynard spoke before children at an elementary school assembly last Friday, bringing particular emphasis upon the illegal riding of bicycles, pointing out the danger as well as the unlawful practice of riding without proper lights.

The Girl Scouts and Brownies are adding to the current campaign by reminding pedestrians of proper street crossing, car parking and other oft-noted infractions.

Safety signs are being installed at the quarantine station and copies of a Los Angeles drivers' code are being widely distributed.

WHAT'S YOUR SECRET? HOW DID YOU BECOME A MILLIONAIRE, BEN? A SIMPLE "I JUST ANSWERED" A BUSINESS OPPORTUNITY AD IN THIS PAPER, INVESTED

## My Place In the Sun

by DOUG BARRETT

Four generations in one family in Truckee is something rare. C. E. (Hughie) Smith, our resident for the longest period of time, is generation No. 1 in that clan. Followed by his son, Earl, grand-daughter, Gertrude Rablin, and Gertie's daughter, Nancy Jane, a recent arrival. Mrs. Dan Smith starts off another. Her son, K. L. (Moke) Kielhofer, resides in Sacramento but maintains a summer place at Donner Lake. His son, Karl K. Kielhofer, lives here with his spouse and young son, Karey. There may be others but I don't recall them at the moment. It's a small world department

whilst they were in San Francisco on a recent buying jaunt for their Cabona's store, Mr. and Mrs. Nace Firpo were going into a hotel when they met Lieut. and Mrs. Larry Nelson coming out. Got to talking to E. L. (Peanie) Loynd while he was concocting a prescription at Loynd's Truckee Drug. Found out they number their new prescriptions consecutively from the first one the store filled. Up to last night they'd filled 41,345. Not including all refills. Last week we were visited by Homer Croy, nationally noted journalist and author who was tracing the Donner Party from Springfield, Ill., to Sacramento. For a Little, Brown and Co. book he's writing. Doing local research along the trail, Croy was traveling by Greyhound bus. Stopping off where and when necessary. Judge Fosten Wilson has moved his family north of the tracks and

up into Brickletown. Osburn's Buick Garage has delivered a new GMC pick-up to George Kaspian of Truckee Lumber Company. Business going on. Not quite as usual. At Art Lawson's Standard Station on West Main. As workmen break up the concrete "runways" and barricade aisles. As they work at the big expansion program now underway. Doyle McGinnis spending the early evening hours painting his new front fence. A neat addition in his remodeling process. They look so much alike it's confusing. Lucille Davis looks enough like Bing Cooper to be her sister. Moreso even than Bing's sister, Jo Brown. It's always flattering to me to receive nice compliments on this department from our former neighbors who've moved away. Like the one Mary Marquis wrote this week from Reno.

**OLD ST. MARY'S**  
Building material for Old St. Mary's Church in San Francisco was brought both from China and around the Horn in the 1850s.

## TO YOUR HEALTH

"Never Touch It"

Column Sponsored by  
**MRS. MARIE HENRY**  
Tahoe City, Member of the Placer County Board of Health

"I like lobster, but lobster doesn't like me."

You have heard that statement or similar ones. Maybe you have laughed at it. But allergy is no joke. Doctors take it seriously. Allergic diseases are seldom fatal but the symptoms are always distressing. Sometimes there is so much discomfort that work, sleep, appetite and recreation are interfered with and general health suffers.

Allergy is sensitivity, or hypersensitivity, to substances which are harmless to most people. About one person in ten is allergic to something. The substances that cause allergy are called allergens.

and there are hundreds, even thousands of possibilities: pollens, house dust, furs, various foods, feathers, cosmetics, drugs, and even heat, cold and sunlight. The most common allergic diseases are hay fever, asthma, skin disorders like hives, and stomach and intestinal disturbances.

These diseases are not imaginary. If you have allergic symptoms, you should get medical advice both for immediate relief and future protection. The doctor can make tests to discover the allergens which are causing trouble. Sometimes this is easy, but frequently it requires great patience.

Once the causes are discovered, you can learn to avoid the trouble makers as much as possible. Drugs may be prescribed to ease the symptoms. In some cases injections, medicines and vaccines are given to desensitize the patient. You may need help in ironing out emotional conflicts such as worry, fear or anger which have a strong influence on allergic disorders.

### BIG DOING COMING IN DOWNEVILLE DURING HOLIDAYS

About 100 residents of Downieville compose the committee that will present a celebration over the Memorial Day holidays, including 11 organizations. The affair will start Friday evening, May 29, with the opening of a home-operated carnival and games for young and adults, and will continue until Sunday evening, when the trout derby trophy will be presented at 6:00 o'clock. The trout contest will begin with the opening of the season at dawn Saturday.

The activities combine the annual trout derby, Memorial Day, homecoming and laying of the cornerstone of the new community hall, estimated to equal more than \$50,000 with paid labor and materials but being erected in great majority by donations and volunteer labor. While it is hoped to augment building funds by the carnival, dance and trout derby, there will be many free attractions beside the opportunity to renew old acquaintances.

Memorial services at 10 o'clock Saturday morning will be under auspices of Hugh E. Frye Jr. Post 738, American Legion, with Scouts and other interests participating.

Downieville School and will present a concert at 1:30 p.m. Loyaltown and Downieville high schools will play softball at 2:45. A dance will start that evening at 10.

The corner stone will be laid at 1 p.m. Sunday with appropriate ceremonies. About 150 members are expected there for a meeting of Sierra County Chapter, Western Mining Association at 2 p.m. Loyaltown high school girls are scheduled to play softball with a Loyaltown town girls' team at 3 o'clock. Children's folk dancing will be presented at 4:30. Many other events, including the Sierra County Museum, will be free and interesting.

Coordinated by Downieville Civic Club in presenting the observance are Native Sons and Daughters of the Golden West, Lions Club, Boy and Girl Scouts, American Legion, Parents and Teachers Association, Sierra County Historical Society, Sierra Grange and Teenagers.

Cecil B. DeMille's "The Greatest Show on Earth," recent Academy Award winner, has been secured to show at the Yuba Theater in Downieville for the three nights at 8 o'clock.

### WEST COUNTY BOYS WIN BANK AWARDS FOR SCHOLARSHIP

Two western Nevada County graduating high school seniors placed high among the northern California recipients of 1953 Bank of America achievement awards. Donald Rodgers won the \$1,000 cash award in the science and mathematics section. Douglas Norby won a third place \$250 cash award in liberal arts. Both are students at Nevada Union High School, Grass Valley and Nevada City.

The northern California division included 39 counties starting with Kern County and going north, excepting the nine San Francisco bay region counties.

## KITCHEN TIPS

FROM THE CRYSTAL MAID

"Strawberries and cream" . . . the words belong together like stars and stripes! But how much better it sounds when you say "Strawberries and Crystal Cream"! Pick your favorite way: pile red-ripe berries in a bowl, serve with powdered sugar and a pitcher of Crystal Half-and-Half . . . whip Crystal Whipping Cream, sweeten and heap in a fluffy mound on the berries or use it to top individual shortcakes.

**SUMMER SUPPER**  
Calf's Liver Supreme  
Green Peas Parsley Potatoes  
Lettuce Salad  
Strawberry Shortcake  
Whipped Crystal Cream

**CALF'S LIVER SUPREME**  
2 lbs. Calf's liver  
2 cups Crystal Milk  
2 onions, chopped  
1 cup Crystal Cream  
Crystal Butter, Salt, Flour

Place liver slices in shallow dish, cover with the milk. Let stand in refrigerator for 12 hours. Remove liver, drain. Season and roll lightly in flour. Brown onions in butter. Remove and fry liver quickly on both sides in the same butter. Reduce the heat, add onions, cover with Crystal Cream and simmer 15 minutes. Serves 4.

It's a real health food, just what weight-watchers asked for. It's Crystal's new Trim-Cheze, with all the healthful goodness of creamed cottage cheese but minus a lot of the calories. Protein and minerals have been added and it's "double-fresh" . . . made fresh every day, delivered fresh every day!

## TRIM-CHEZE SALAD

1 cup Crystal Trim-Cheze  
1 cup Crystal Milk  
1 cup canned applesauce  
2 Tbs. lemon juice  
1/2 Tsp. lemon flavoring  
1 envelope plain gelatin  
Salt

Soften gelatin in 1/4 cup cold water. Heat milk and dissolve gelatin in it. Mash Crystal Trim-Cheze and add with remaining ingredients. If applesauce is unsweetened add sugar to taste. Turn into a mold, chill until firm. To keep this high-protein salad low in calories serve with boiled dressing on lettuce. Serves 6.

Keep supplied with Crystal Green Soup Orangeade. It's such a thrifty, healthful drink and full of real orange flavor. It's not carbonated so you can let the children have all they want.

## TAHOE TOPICS

by ETHEL J. VERNON

Monday's dawn broke warm and sunny along the green shores that border the blue Big Water. A thin haze hung over the gentle ripples of the lake, as we enjoyed our regular walk there in the freshness of early morning. Under the haze, on the shining surface, we watched the fishing boats come up over the distant watery horizon, looking twice their normal size in the hazy distortion. On Thursday, about mid-day, Tahoe experienced its first thunder storm of the early summer season. It came up with a crashing jolt that actually shook the earth—at least the part of earth that Tahoe City stands on. This was followed by rumblings that faded out and away, while hundreds of "little black clouds that cried" bumped their thunderheads together and wept great tears of hail all over everything. The ground was white with them in ten minutes time. This storm was followed on Friday afternoon by a lighter edition of the same.

Fishing over the weekend was good in the lake. On Saturday, Bob Seibold of Truckee caught the largest fish known to have been brought in from the lake since the season opened. It was a mackinaw which weighed 12 1/4 pounds and measured 33 inches in length. It was an unexpected catch, as he was fishing in about 40 feet of water with light tackle. He finished out his catch with a one-pounder.

Carl Painter and son of Truckee brought in their limits in mackinaw on Sunday. Each caught three fish, weighing slightly over four pounds apiece.

Dr. and Mrs. John Palmer of Auburn took nice limits Saturday from deep waters off Sunnyside Beach. They caught two mackinaw weighing four pounds each and two that weighed two pounds each between them.

There were many other smaller catches made by both local fishermen and visitors throughout the weekend.

Last Thursday night in the Tahoe City Community Center a stork shower was given for Mrs. James Brehler of this city. Leading hostesses, Carrol Raymond and Anita Jenkinson, were joined in the arrangements by several other assistants. Much feathering of the expected stork's nest was furnished by the gifts brought to the shower, all of which was a delightful surprise to the honoree.

On Wednesday night in the Community Hall a meeting of the

Tahoe troop of Cub Scouts was held. Fourteen boys attended, chaperoned by Mr. and Mrs. Wayne Poulsen of Squaw Valley. Mrs. Poulsen is Den Mother of the Tahoe City troop.

At the recent grand opening of the Trade Winds restaurant at Kings Beach—and in fact every day since—the place has been packed to overflowing with folks who relish good Chinese food. Over the Mother's Day weekend, Manager Joe Ross was hard put to find seats for all the Tahoe City residents who drifted in there in various stages of hunger. Among the many Tahoe City parties one group in for special dinner included Mr. and Mrs. A. M. Anderson, Mr. and Mrs. David Owens, Mr. and Mrs. Phil Geier.

Dr. and Mrs. Cabot Brown, Tahoe and San Francisco residents, motored up for a few days at Tahoe Inn last week. They brought as their guests Mr. and Mrs. Albert Miller, who recently purchased the Hillier Brown estate at Sunnyside.

Miss Donaldine Grass, head of the physical education department at Sacramento Junior College, paid a short visit to her summer cottage on Dollar Hill last week. She had as guest Margaret Meyer of the agricultural school staff at Davis.

Dr. and Mrs. M. Griffin and family of Reno opened their north end lakeshore home during the past week. The doctor is a member of the University of Nevada English department.

Kathleen Starratt and Dodie Post, two popular recreational directors of the winter sports region, made a combined business and pleasure trip to the bay region last week, whiling away a few days of their "between seasons" time.

Recently arrived new residents in Tahoe City are Mr. and Mrs. Harry Winans, who have recently taken over the former Tahoe Sierra Electric shops at the northern end of Tahoe City's main street. They have leased as living quarters an apartment in the Pine-gree home, near their business office. Winans, who is a specialist in refrigeration service, was in business for the past three years at Bijou on the eastern lakeshore. This will be his first summer in this locality.

During the past week the state highway department has completed its annual job of opening the two mile curve of highway above Emerald Bay. The boulder slides have been blasted and removed, the few remaining frozen snow drifts shoveled away and the roadside gutters cleared and deepened to catch and carry off the many snow

streams that splash down from the steep cliffs. The highway is now in good travel condition. However, during the mountain thaw season, it's always a good idea to drive slowly around Emerald Bay and keep an eye out on the cliff sides for rolling stones. Two car loads of Tahoe Cityzens drove around Emerald Bay and the south end Friday night to attend a chamber of commerce meeting at Tahoe Valley and they reported the road clear of slides and in good condition.

Two young people who have been residents of Squaw Valley for the past two years motored to Los Angeles during the latter part

of the week and were married there on Sunday. Miss Beverly Elaine Moffat became the bride of Robert P. Frickstad at an elaborate ceremony held in a Presbyterian Church in southwest Los Angeles. Many guests were invited to the wedding and the following reception, including the parents and close relatives of both the bride and groom, all of whom reside in that city. The pair were expected to return to Squaw Valley this week. They plan to purchase a home near there in the near future and will permanently settle in this region.

Squaw Valley Lodge, which closed its winter business more

From where I sit . . . by Joe Marsh

## PTA Gets Stung by a "Bee"

The local PTA is feeling sheepish today. Seems they complained the youngsters weren't learning enough. Said they couldn't even spell. So the kids challenged them to a spelling bee.

"I was captain of the PTA's," "Doc" Brown told me. "Both teams made the first round just fine. But on the second round Speedy Taylor went down on 'efficiency.' Then his boy Chip, who happened to be next on the school team, rattled it right off. From then on it was murder!"

So now "Doc" says that the

whole PTA is thinking of signing up for night school!

From where I sit, it always pays to look and think before you leap to conclusions. Take those folks who would deny me a temperate glass of beer without a moment's thought. They wouldn't want me to interfere with their personal preferences for, say, buttermilk. It's a good idea to think twice before you "spell out" rules for your neighbor.

# SUPPLEMENTAL PROCEEDINGS OF THE BOARD OF SUPERVISORS FOR THE MONTH OF MAY, 1953

May 6, 1953  
The Board of Supervisors of the County of Nevada, State of California convened at 10:00 a.m. pursuant to adjournment on May 1, 1953. There were present and answered to their names the following:-

Supervisors Curtis R. Clark, John L. Frank, J. C. Coughlan, Guy N. Robinson, Henry G. Loehr.

Supervisors absent:- None.  
The minutes of the meeting of May 1, 1953 were read by the Clerk and no errors or omissions being noted, the same were duly approved and adopted as read.

This being the day and hour set for the appointment of a Road Commissioner, the Clerk read applications for the appointment signed by Rudolph M. Smith and Charles J. Smith. Mr. Rudolph M. Smith addressed the Board regarding his qualifications for the appointment.

In order that proper consideration be given to each candidate, a recess was declared while members of the Board retired for executive session after which the Board proceeded to vote. On the roll call vote the following vote was taken:-  
First District:- Charles J. Smith.  
Second District:- Rudolph M. Smith.

Third District:- Charles J. Smith.  
Fourth District:- Charles J. Smith.  
Fifth District:- Charles J. Smith.  
It appearing to the satisfaction of the Board that Charles J. Smith has received a majority of the votes cast, he is declared duly appointed to that position.

On motion of Supervisor Clark, seconded by Supervisor Coughlan and unanimously carried, it is ordered that the salary of the Road Commissioner be fixed at \$7,200 per year, commencing May 7, 1953.

The State of California having acquired an interest for rights of way in the property, portions of the following assessed property was ordered cancelled as to the State's interest:-

Property assessed to James C. Peacock and Bessie Peacock; Elmo C. Meister and Barbara E. Meister; Lester and Emily Kyler; J. P. and Maud Smart; Bernard R. and Virginia E. Thompson; Onie Frances and Harold Veale; Herbert J. and Elsie P. Nile. Reference to the minutes is hereby made for a particular description of the property.

In all of these cancellations, the written consent of the District Attorney to the foregoing cancellations is on file.

This being the day and hour set for the appointment of a Superintendent of Schools to succeed Mrs. Genevieve Kent resigned, the same came on regular for consideration.

On motion of Supervisor Frank, seconded by Supervisor Robinson and unanimously carried, it is ordered that the resignation of Miss Genevieve Kent be accepted effective at the close of business on this date. It is further ordered that the resignation of Miss Kent be accepted with regrets.

Mr. R. Lee Ross, in a letter to the Board dated this date again renewed his application for the appointment, there being now two applications on file, that of Melville O. Johns, and R. Lee Ross.

On motion of Supervisor Clark, seconded by Supervisor Frank and unanimously carried, both names were ordered placed in nomination. On the roll call vote, Mr. Melville O. Johns received the unanimous vote of the members of the Board.

It appearing to the satisfaction of the Board of Supervisors that Mr. Melville O. Johns, having received the unanimous vote of the members of the Board for appointment to the position of County Superintendent of Schools of Nevada County, the Chairman declared him duly appointed to this position and ordered the Clerk to issue him a certificate of appointment.

On motion of Supervisor Clark, seconded by Supervisor Robinson and unanimously carried, it is ordered that consideration of the proposed County Co-operative Fire Protection Agreement between the State of California and Nevada County be laid over to May 20 for final action.

The matter of appointment of a Certified Public Accountant to audit the books of Nevada County for the fiscal year 1952-53 next came up for consideration. Supervisor Clark informed the Board that he had been unable to contact the Foreman of the Grand Jury and obtain the Grand Jury's consent to the appointment.

On motion of Supervisor Clark, seconded by Supervisor Coughlan and unanimously carried, it is ordered that this matter be continued to May 20, 1953 for final action. The Chairman requested Supervisor Clark to make every effort to contact the Foreman of the Grand Jury prior to that meeting.

Mr. Malcolm Hammill appeared before the Board and stated that he was representing the 4-H Council of Nevada County. Mr. Hammill explained to the Board the 4-H program for the past several years. He stated that each year the program is expanding to the extent that it now numbers several hundred boys and girls working on various farm

projects. He stated to the Board that it now becomes necessary to request the appointment of an Assistant Farm Advisor to take care of this important part of the Farm Advisor's work. Mr. Hammill also stated that assurance has been given by the University of California that within the very near future, several new Farm Advisors are going to be available to the various counties, and that assurance is practically certain that Nevada County will now be in a position to have an Assistant Farm Advisor. It was also stated that the State of California pays the salary of the Assistant Farm Advisor, and that the only expense involved to Nevada County would be the furnishing of an automobile and office space to the Assistant Farm Advisor. The Board interrogated Mr. Hammill concerning the various phases of the 4-H program. On motion of Supervisor Coughlan, seconded by Supervisor Robinson and unanimously carried, it is ordered that this matter be continued over until May 20 for final action.

At this point, the Chairman of the Board requested the Clerk to read to the members of the Board a resolution passed and adopted by this Board on April 4, 1950, governing the duties of the County Road Commissioner.

The District Attorney called attention of the Board to the fact that the present County Ordinance allows \$15 per day only for the Nevada County Surveyor. Mr. Stoll stated that in his opinion the Board must either fix a straight salary for the County Surveyor, or increase the per diem pay. It was pointed out that this per diem pay was fixed many years ago and that the per diem salary of Civil Engineers for Surveyor work has been greatly increased in the last few years.

Mr. Thomas O'Brien, District Supervisor, Department of Industrial Relations, Division of Housing of the State of California, appeared before the Board in regard to the health situation in Donner Lake and vicinity. He stated that the area on Highway 40 on Donner Lake is critical from the standpoint of sewage disposal. He referred to Donner Park Tract particularly. Motels and dwellings in that area are built, in some cases, right at the lake's edge. Mr. O'Brien referred to various laws applicable to the situation. He also suggested study of the situation by the Nevada County Planning Commission as well as the Board of Supervisors, and suggested that a Planning Consultant be employed. Mr. O'Brien suggested that possibly the Board should prevent further building along Donner Lake until the problem is solved by installation of small Treatment Plants.

District Attorney Stoll stated that the County must adopt an ordinance on building regulations. Mr. O'Brien's visit occupied a considerable part of the afternoon, but no special action was taken at this time. It was decided by the members of the Board that further study in the matter is necessary.

Supervisor Frank stated to the Board that he had been advised that certain insurance agents in Grass Valley were being excluded from participating in the County Insurance Business. Mr. Stanley Halls, who is the Insurance Broker of Record for the Board of Supervisors, was called in, and Mr. Halls reviewed the insurance program of the County. There being further data necessary it is ordered that this meeting be continued to May 20 for further discussion. Mr. Halls promised to be present at that meeting.

The Welfare Director was called in to discuss in private with the Board, a Welfare matter concerning the issuance of a grocery order to a particular indigent case. This matter was also continued until May 20 for final disposition.

No further business to come before the Board at this meeting, adjournment was taken until Wednesday, the 20 day of May, 1953 at 10 o'clock a.m.

R. E. DEEBLE  
Ex-Officio Clerk of the Board of Supervisors.

## NOTICE OF SALE OF PROPERTY DECEDED TO THE STATE FOR DELINQUENT TAXES

Dated May 14th, 1953  
Whereas, I was on the 1st day May, 1953 directed by the Board of Supervisors of Nevada County, State of California, and there was received by me and filed in my office an authorization of the State Controller (dated May 6th, 1953) to sell at public auction, for cash in lawful money of the United States, certain tax deeded property, public notice is hereby given that unless the said property is redeemed or an installment plan of redemption is initiated, as provided by law, I will on the 8th day of June, 1953, at the hour of 2 o'clock P. M. in the Tax Collector's Office in the Court House of the County of Nevada, in the City of Nevada, sell as directed the said property for a sum not less than the minimum price or prices set forth in this notice.

The parcel or parcels of property that are subject of this notice are situated in the County of Nevada, State of California, and are

## STATE CHECK DAMS IMPROVE FISHING IN FOREST AREAS

SACRAMENTO— More than 180 miles of California angling streams have been restored for recreational use since 1949, and an additional 62 miles will be improved this year under the streamflow maintenance dam program of the state department of fish and game.

Using only simple rock and concrete check dams, the state agency is making life easier for fish, wildlife, livestock, fishermen, foresters and vacationists. By controlling the outfall of small mountain lakes, fisheries workers can assure a uniform year-round headwaters flow of water at the same time maintaining the lake level for numerous uses.

Although the theory of check dams to conserve water and stabilize water flow was first developed in California 25 years ago, it wasn't until the wildlife conservation board was established in 1947 by the state legislature and given funds from pari-mutuel revenues that a sizeable flow-maintenance project could be started.

Since its inception in 1949, stream flow maintenance projects have been completed across lake outlets in the El Dorado, Stanislaus and Tahoe National Forests. Lakes already improved are Stony Ridge, Crag, Middle Velma, Lois, Schmidell, Susie Heather, Smith and Lyons in El Dorado; High and Middle Emigrant, Lower Highland and Snow Lake in Stanislaus, and Big Downey in Tahoe National Forest.

Check dam construction planned this year will dam up Winnemucca, Round, Dardennes and Gilmore lake in El Dorado; Bigelow and Lower Buck lakes in Stanislaus and Lower Loch Leven in Tahoe National Forest.

In addition to these, the old Pacific Gas and Electric Company dam at Gold Lake, Sierra County, was rebuilt and is being operated by the department of fish and game. The dam stores 1,400 acre-feet of water and its maintained flow benefits more than 20 miles of Frazier Creek and Middle Fork of the Feather River, which it feeds.

The cost of the check dam program so far averages about \$300 for every mile of stream improved, according to Robert M. Paul, the department's water projects

coordinator.

"It's a very small investment for what can be considered to be permanent stream improvement, with little maintenance expense," Paul said.

"It's difficult to make a dollar comparison of the value of different stream projects. Obviously, it's much more desirable to improve a heavily used stream rather than one in an inaccessible location," he added.

"We can't overlook the fact that a dam is of no value if the stream it will improve can't be kept 'wet' for the entire dry season. It makes no difference whether it dries up in June or September—if it dries up for a day, the fish are gone. Department flow maintenance dam work must be confined to projects that actually improve fishing — even though other uses might benefit by storing water even for a brief period," Paul concluded.

## A cucumber has nothing on you...

Cucumbers are cool all the time. Our streamliner passengers are kept cool or warm, depending on the weather, in any kind of weather. The "name" trains below are all air-conditioned all year around. They keep you cool when it's blistering 120° outside and snug and warm when the mercury's at 0°. The air you breathe is filtered to make it dust-free and pure. It keeps your clothes band-box fresh. There's never a draft to make you uncomfortable. And we don't charge you anything extra for it, either.

Chair Cars on Southern Pacific's modern streamliners have been built with your comfort the first consideration. No glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around-room. Extra large windows. Feather-touch doors. Spacious washrooms. That's why Chair Cars on S. P. Streamliners are the most luxurious form of all low-cost transportation.

## Drawing Slated Shortly For U.S.F.S. Lake Lots

PLACERVILLE— Selection of 140 prospective summer home lot permittees from a field of 1308 interested in the new Spring Creek summer home tract on the former E. J. (Lucky) Baldwin Estate at Lake Tahoe is to take place within 10 days at the Eldorado National Forest headquarters here.

Forest Supervisor W. W. Spinney said there are so many interested that he has had to abandon the first forest service plan to have an on-the-spot drawing of lots witnessed by all whose names are in the file of 1308.

### Proxy Witnesses

Instead, he has asked the publishers of the two Placerville newspapers, C. E. Barker and George R. Burris, and Ernest Panelli, president of the El Dorado County chamber of commerce, to witness the drawings as proxies for the interested parties from all parts of California and many other states.

The Spring Creek tract is the first summer home area developed within the 3500-acre area taken over from the Baldwin and George Pope estates in 1950 in a timber exchange arrangement with the forest service.

It lies about three miles from the Lake Tahoe shoreline across Highway 89 and within a short distance of Camp Richardson, which remains as a private isthmus of land between the government's public recreation areas and the Pope and Baldwin estates.

### Here's How

Spinney said the drawing will work this way:

1. Names of the 1308 persons interested have been numbered and the same numbers placed in a carton.

2. From the carton 137 numbers will be drawn. Three lots had to be set aside to provide for three summer home permittees at Echo Lake whose summer homes were wiped out in a 1951 avalanche.

3. From another carton the lot numbers will be drawn and assigned as drawn to the 137 numbers

representing potential permittees.

4. An additional 137 names will be drawn as alternates, so that if those first selected do not wish to become permittee applicants, the alternates will be given a chance, in order of their selection, to the vacancies in the first list.

Spinney said it will be possible for prospective permittees to swap their lots if proper written notification is given to his office to keep records straight. But no person may give over his lot to another not chosen in the first 137 names.

If the 137 first selected do not complete arrangements to become permittees by August 1, the lots assigned will be opened to those remaining on the alternate list.

### What It Costs

If the lucky permittee-prospects desire, they may conclude the minimum paper work needed to become a bona fide summer home lot holder immediately and begin construction this summer.

The permittees will pay \$40 a year for the annual permit from the government to use the one-quarter to one-half acre lots assigned.

The forest service has built a \$55,000 road system into Spring Creek tract. Amortization charges of \$19.70 per year per lot for 20 years will attach to each lot. Water development, Spinney said, usually runs from \$300 to \$700 per lot.

The government has retained water rights to Spring Creek sufficient to serve the area. Lot preparation usually runs from nothing to \$100, he said. County taxes of \$3.86 (1953 rate) will be applied to the building and personal property of each permittee but no tax is assessed against the land itself.

Building must begin within 24 months of the date of issuance of the land use permit, Spinney said.

### ASSEMBLY WORKS FRIDAY P. M.

SACRAMENTO —(CNS)— Precedent in the legislature during the current session was broken when the assembly went to work last Friday afternoon. Up to that point in the session, both houses have adjourned early on Friday to allow members living within easy traveling distance from Sacramento to spend weekends at their homes. Prodded by legislators who usually spend weekends in the capital, assemblymen decided to put in the afternoon cleaning up some of the accumulating business in the files.

## PINE PRODUCTION UP 16 PERCENT

SAN FRANCISCO— Although pine lumber production for the week ended May 2 dropped to 66,808,000 feet, compared to 69,851,000 feet for the preceding week, it showed an increase of 16 per cent for the year to date,

compared to the same period in 1952.

This was revealed by the Western Pine Association today. The report was based on information from 110 mills and covered ponderosa, Idaho white and sugar pine, and associated species.

For the year to date both orders and shipments were reported

### TEACHERS' PAY

Grass Valley's 52 elementary school teachers last week were voted a \$350 per year across the board salary increase, in addition to \$100 service raises to which most are also entitled.

ed to be seven per cent more than a year ago.

## Take the wheel and a new world is yours

Wire wheel covers, as illustrated, available at extra cost.

Two things stand out above all others in this Golden Anniversary ROADMASTER.

*It is the most beautiful Buick Riviera ever built.*

*It is the most brilliant Buick performer in fifty great years.*

The first of these is an obvious truth that you learn at initial sight of this automobile's sweeping lines, its gracious styling, its stunning interior fashioning.

The second is one you discover when motion begins and the wonderful new experience unfolds.

You soar from standstill to legal speed as you never have before—for Twin-Turbine Dynaflo gives you getaway with a combined swiftness, silence and smoothness no other car in the world can equal.

You command the highest, the silkiest, the

most instantly responsive power in all Buick history—from the world's newest and most advanced V8 engine—the first Fireball V8.

You ride with the gentle, constantly level cushioning of coil springing at all four wheels. You guide your two-ton automobile with the exquisite ease of Power Steering. You slow or halt with the velvety control of still finer braking—plus the extra comfort of Power Brakes\* if you wish.

Surely, this rich new world of motoring magnificence is one you should explore—if only to know that it's real, and more easily reachable than you may think.

We'll be happy to seat you at the wheel of this superb new ROADMASTER—and let your emotions and good sense judge its greatness. Won't you visit us this week?

\*Optional at extra cost.

### TAHOE CHAMBER MEETING TALKS FINANCING

TAHOE CITY—Thirty directors and members of the Lake Tahoe-Sierra Chamber of Commerce attended the Friday night meeting at the American Legion hall in Tahoe Valley to review accomplishments of the past winter and plan for the summer.

George Kehlet, chairman of publicity, showed a two-page insert he had prepared for winter issue in a Palm Springs newspaper. The insert showed several views of Lake Tahoe and data on the lake. Kehlet recently returned from Palm Springs, where he spent the winter, to his Meeks Bay Resort.

Carroll Raymond, chamber manager, reviewed and previewed public relations efforts of the chamber generally.

Speaking on memberships and finances, President Fred Main stressed some inequities in membership payments. He said that there are some large operators carrying a heavier burden than their proportionate share and, he continued, there are some non-members who expect favors from the chamber but decline to join until they see what the chamber is doing for them. Still others, Main said, spend large sums for individual promotion rather than pooling such funds with the chamber for better over-all results.

Tom Armstrong replied that he thought the principal trouble is "our chamber is not properly organized." He said organization had been his business before locating at Tahoe and he proposed a plan whereby groups of various classes of business would be called together to decide on an equitable membership fee. The plan was approved by a vote and Main appointed Armstrong as chairman of the realtors' group which is to call meetings of other business groups according to their business classification.

The chamber approved a resolution presented by P. M. Burroughs, chairman of the chamber's roads and highways committee, recommending a state bond issue and a 1½ cents gasoline tax to retire the bonds in six years, the money to be used for highway construction. The chamber resolution will be forwarded to the State Senate.

#### BIG CLAM

The second largest Pismo clam of which there is a record was 7¼ inches in diameter, weighing three pounds, 13 ounces and was 27 years old.

### ROTARIANS SOON TO BE BACK ON SUMMER SCHEDULE

TAHOE CITY—At the meeting of the Tahoe City Rotary Club at Tahoe Inn on May 12, there were 26 members and two visiting Rotarians present. It was announced that the May 26 meeting will feature ladies night and that the June 2 meeting will mark the club's change over from evening to mid-day meetings. They will continue to be held at Tahoe Inn's dining room.

Marshall Rukkala of Lake Forest and Charles B. Cross Jr. of Tahoe City were added to the membership lists. Everett Griffith of Woodland and David Gaynor of Auburn were visiting Rotarians, the latter having recently moved to Homewood to make his home. He is engaged in the real estate business.

The two members chosen to relate their histories for their fellow Rotarians were Steve Korich and Bill Connors of Tahoe City.

Korich told of coming from his childhood home in Virginia City, Nev., to Lake Tahoe for the first time at the age of 16. During that first summer he worked for the late pioneer, Bill Johnson, at his Homewood place. A little later he joined the national services and served for some time in World War II in the orient. He was hospitalized there and later returned to his home here.

Connors, vice president of the

#### NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

May 18, 1953

"FOR THE TIME OF YOUR LIFE"

Sherritt Building — Commercial Row — Truckee Telephone 56W

# SAFETY FIRST

The condition of electrical wiring in your old or new house should receive the most careful consideration.

When properly installed and maintained your electrical wiring is the safest part of your house. But — too many people let an electrical "handy man" tinker with their wiring in order to save a few dollars. The proper and safe determination of the requirements of a modern wiring job is not a job for amateurs.

To find out what should be done with your wiring system, to enable you to safely and economically use electricity in your home, or place of business, call in a qualified electrician and/or contractor.

DON'T GUESS — BE SURE!

It's safer and cheaper in the end.

## District School News

### KINGS BEACH

**Kindergarten, 1st Grade**  
First grader Marianne Bock came to our class last week from San Francisco. We now have 11 in the first grade.

Last Wednesday after school, Brad Thompson and his father brought some lumber for us to use for construction here at school. It will be a great help to us.

### 2nd and 3rd Grades

Our class has started practicing songs with our rhythm band instruments. We are also learning a May-pole song and dance.

### 4th, 5th and 6th Grades

We are planning some short skits for our final PTA meeting this week. The whole class will participate in the program.

The 6th graders will visit the high school Friday to see their teachers and classmates for next year.

### School News

Monday and Thursday last week all the Kings Beach children went to the high school at Truckee to practice songs with the other schools of the district for the Music Festival. We enjoyed singing with all the other pupils.

Dr. and Mrs. H. M. Holmes and Mrs. Charlotte Patnoudé came to our school last Wednesday to check the teeth of all the children. This week, Mrs. Patnoudé, school nurse, is giving patch tests for

tuberculosis to the kindergarten and first graders.

### TRUCKEE ELEMENTARY Kindergarten

This week the class has been learning many new number rhymes. They have enjoyed playing the parts of such imaginary characters and objects as snow and clothespins as they act out the rhymes.

We were sorry to lose Julie Barnes and David Goodall as members of the class. Julie and her family now live in Salem, Oregon. David, his mother and brother, Michael, have gone to San Diego. David's father is stationed at the Navy base there.

Those present from our class to participate in the Music Festival last Friday were Judy McGinn, Larry Bergen, Garry Sturcke, Hal Wardman and Steven Van Sickle.

### First Grade

Last week each child made two movable clowns, one for himself and one for the classroom. All parts of the poly-poly clowns were movable and after the construction, the children enjoyed playing with them.

The class welcomed Peggy Eisenhower this week. She is quickly making new friends in the room.

The class picnic will be held Wednesday, May 27. The place will be decided upon by the room mother and her committee. The children will take home letters this week giving more information about it.

Dick Ingalls, Clifford Heizer, Rod Leisure and Lewis Hell, Floriston students, have composed a play entitled "Sleeping Peter." They hope to present it to the class before the close of school.

### Second Grade

The children were very interested in making butter. They took turns churning enthusiastically. Each one tasted the butter after it was spread on crackers and enjoyed by all.

On Monday of last week we went to Tahoe City to rehearse with their rhythm band in preparation for the Friday night Music Festival.

We went on a field trip to the post office. Mrs. Bavler explained how mail is handled from the time it is dropped into the letter box until it leaves the post office. She also showed us many different varieties of stamps.

### Third Grade

In our arithmetic we have been reviewing addition and subtraction. J. C. Roberson and Charles Glenn are tied in the "Three Star" group for first place. Dee-Dee Frates is leading the "Two Star" group and Jimmy Osburn is ahead in the "On Cherry Street" group.

As we have just finished "Little White House" and "On Cherry Street," it is fun to review by finding our favorite story to illustrate and dramatize. The "If I Were Going" and "Streets and Roads" groups are following closely the directions in the work books after each story.

We enjoyed practicing for the Music Festival in which we all had fun participating.

### Fourth Grade

While the 5th and 6th grades were in San Francisco, we had some of their classmates with us. We saw a film strip called "How We Use the Telephone" and a movie entitled "Adventure in Telexonia." Following which we practiced using the telephone correctly with telephones that were connect-

ed so we could talk to each other.

We went on a field trip to Bald Mountain to see how much damage a forest fire can do. Nelson Stone of the Forest Service showed us how to tell the height and age of a tree. He also showed us how trees were being planted.

Last Friday our class and the 5th grade gave a short assembly program for the school. We sang "Oh How Lovely is the Evening," "Polly Wolly Doodle" and "Hukilau."

### Fifth Grade

Our class has been busy planning a dance for the 6th grade. The dance will be Friday evening, May 22, at the elementary school. Every one wrote invitations to 6th graders and we hope that many parents from both rooms will attend. The various committees are busy planning refreshments and other details.

We are finishing our present unit in social studies and will begin the next one in a day or two. The new one will be the North Central States and will include its physical features, early history, present day farming and manufacturing.

### Sixth Grade

Our class is going to the high school this Friday to attend simulated classes that we will have next year. We will meet our teachers and other 6th graders from the other elementary schools of the district.

Next Wednesday, May 27, we are going to have the Play Day which was postponed a month ago. It will be held at Kings Beach elementary school with all intermedi-

ate grades participating.

Last Friday we learned many important things about the correct use of bicycles from Officer Carroll Maynard of the highway patrol who was a guest speaker at our last assembly of the year. We also enjoyed the musical program put on by the 4th and 5th grades.

We have started the last phase of our social studies unit with the West Indies and Caribbean Sea area.

We have finished the outlines of our recent field trip to San Francisco and are beginning our stories.

### DONNER TRAIL

This week the upper group of children applied an arithmetic principle to their social study project. They took a small map of Mexico (8 1/2 x 11 inches) and covered it with one inch squares, put on with the aid of their rulers. Each pupil was then given a larger paper to transfer the map to. As a conclusion the group will take their maps and make a 4-foot map on plywood.

The younger group of children are now studying the merchant of a clothing store as a community helper. We have studied the farm animals and products that go into the clothing and are now working on a bulletin board depicting the animals and their contributions to this merchant's stock of goods.

### CELERY SEED

Celery seed, used as a seasoning, is from a member of the parsley family not identical with celery which is served as a vegetable.

### NORTH TAHOE FIRE HEARING CALLED

AUBURN— The final public hearing for the proposed formation of a North Tahoe Fire Protection District will take place at 10 a.m. June 15 in the court house at Auburn.

Often postponed, this hearing before the supervisors is scheduled to be the one which brings a yes or no from the board. In setting the date, the supervisors indicated no more petitions for delay will be considered.

Poppy seeds used in foodstuffs have no narcotic properties.

### ATTENTION ALL EAGLES OF TRUCKEE AERIE 1124

The Deputy Grand President will be in Truckee Thursday, May 21. Important matters will be discussed and all members are urged to attend.

E. A. PARKER  
Treasurer

### NOTICE

On and after this date we are not responsible for any debts contracted in the name of the Truckee Resort Store and Service Station other than by the undersigned.

Dated May 19, 1953.  
MARION ROE JONES  
MRS. SAM KAHONI JR.

### ROTARY MEMBERS TELL OWN HISTORY

Members of the Truckee Rotary Club, in order to get better acquainted, are devoting part of their programs to individual members who recite high spots in their own lives. Monday at Brown's Cafe, M. E. Brown told of his career since leaving his native Texas, and Orval Vaughan recited interesting facts of his life since leaving his native city of Fresno to join the department of agriculture.

Lee Nisbet and J. R. Wolert were reinstated as members of the club. Visitors included Emile Oraticabal of Sparks, Joseph Mustol and G. T. McGee, both of Truckee, and H. M. Miller of Sacramento.

The high school seniors will be guests of the Rotary at the next meeting to be held at Donner Lake Lodge next Monday. President Charles Osburn urges all members to be present.

### Move North—

Mr. Glenn Wall and children, former Truckee residents, have left San Francisco to return to their home in Geyserville, following the death of their husband and father in the former city recently.

### S. F. ALTITUDES

Elevations in San Francisco range from 6 to 956 feet.

### IMPORTANT DATES

Mrs. Lloyd Everett observed her birthday on May 5. She and her husband are celebrating their wedding date within a week.

Wesley Fair had a birthday on May 3.

Mr. and Mrs. Walter Loynd celebrated their wedding anniversary on May 8.

May 15 was the wedding anniversary of Mr. and Mrs. Harold T. Langille.

Mrs. Hazel Roberts observed her natal date May 16.

Mrs. Roxie Archie was feted on her birthday, May 15.

Tuesday, May 19 was R. N. Little's birthday.

Mr. and Mrs. Francis Torri are observing their wedding anniversary today, May 21.

Mr. and Mrs. Lorin Ferdinand are celebrating the anniversary of their marriage May 21.

### Back at Tahoe—

Mrs. Meta Renner, who has been at San Francisco for several months, has returned to Tahoe City.

California's first oil refinery was built in 1876 near Newhall in Los Angeles County.

### NAMED TO HEAD TAXPAYER GROUP

NEVADA CITY— At a regular meeting of the board of directors of the Nevada County Taxpayers Association held Monday evening, G. Otis Ogden was unanimously elected to the position on the directorate and to the presidency of the association formerly held by Forrest Airington.

It was decided to hold the next regular membership meeting of the association Friday, June 5, in Nevada City. The time and the meeting place will be announced later.

Howard J. Newsham of Truckee and Rex Reid of Donner Lake are directors of the association, the latter vice president of the association.

### Parents Here—

Mr. and Mrs. George Hahn of Fort Wayne, Ind., have been visiting here with their son, Dr. George Hahn Jr.

### Marriage License—

Clarence T. Petersen of Tahoe City and Mary M. Hogan of State-line were issued a license to wed a Reno this week.

### POMIN TELLS LAKE HISTORY AT MEET OF TAHOE ROTARY

TAHOE CITY— Members and guests of the Tahoe City Rotary Club Tuesday night at their meeting in Tahoe Inn were treated to first-hand glimpses of Tahoe's history.

Ernie Pomin, Rotarian and life-long Tahoe resident, told them of how he started as a boy on one of the lake steamers and later became chief engineer and pilot of the steamer "Tahoe." He also served as an engineer on the old wood-burning railroad line from Truckee to Tahoe. Pomin recalled when it was possible to catch up to 280 fish from the lake in 10 hours with a single line and how by walking a mile down the Truckee River it was possible to bag a "mess" of ducks.

The first white girl born at Lake Tahoe was a Pomin and the speaker recalled the days when three different Indian tribes camped at the mouth of the Truckee River each summer.

President Denis Sach turned the gavel over to Howard Guth, who will become president after July 1. There were 27 present and the May 26 family night and June 2 switch to noon meetings were announced again.

### BABY SITTING IS OFFERED IN AD

This week the Sierra Sun has a new advertiser, the Jack and Jill Kiddie Ranch and the Jack and Jill Kiddie Park in Reno. Both institutions are operated by Mr. and Mrs. John Lindsay, well known Reno residents.

Mrs. Lindsay is well qualified in the field of child care, having graduated from University of Brazil, South America, with a social work degree. She has two years of general nursing and eight years of pediatric experience in a children's hospital in Brazil. She established the first three child care centers for the government in Rio de Janeiro and was head of the primary department of schools for children of U. S. diplomats, army and navy officers in Rio. She inaugurated the first nursery school in Brazil and has operated one for the past 17 years, both there and in this country. Her first school in Reno was established eight years ago on Ralston Street, from where she moved to the present Davidson Way ranch address.

Today the children have the full run of approximately an acre of ground, with swings, sand boxes and other playground equipment. They are taught to ride Shetland and Welsh ponies on the ranch. Other pets include monkeys, turkeys, ducks, rabbits, peacocks, sheep, a dog, a pet magpie and a skunk. Chickens supply fresh eggs for the table.

The modern ranch-type home provides every modern comfort with professional care and home atmosphere. The ad describes the type of service offered and Mrs. Lindsay will be glad to make special arrangements to accommodate special occasions.

### Has Birthday—

Joyce Marie, daughter of Mr. and Mrs. Al Wakefield, is enjoying her birthday today, May 21.

### CITATION SYSTEM FOR JUVENILES ON MINOR OFFENSES

NEVADA CITY— A juvenile citation plan under which Nevada County youngsters committing minor infractions will be ordered to appear, with their parents, before the county probation officer went into effect this week.

John Keegan of Grass Valley, chairman of the county probation committee, said the move is expected to curb the type of minor offense which might be too trivial to warrant a juvenile court hearing.

Under the plan, all peace officers will carry citations. If a youngster is found committing a

minor offense he will be issued a citation to appear with his parents before Probation Officer Floyd Pond at the court house in Nevada City. Pond either will place the juvenile on informal probation or impose other restrictions. Pond said that failure to answer the citation or failure to comply with the probation terms would likely lead to more drastic action, with recourse to the juvenile court.

Pond told the probation committee the plan has been experimentally in effect for six weeks and has been very successful. Details of the program were worked out by Pond with the help of District Attorney Vernon Stoil.

# Tarzan

by EDGAR RICE BURROUGHS

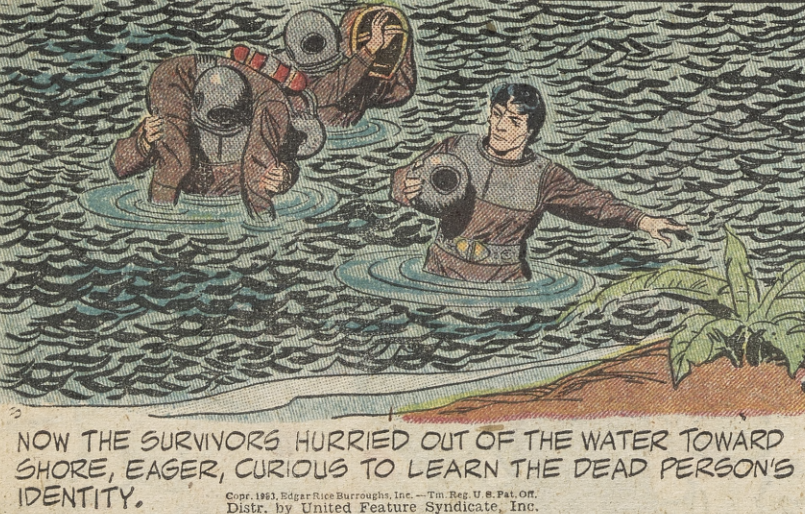

THREE SURVIVORS FROM ZOBIA PLODGED ALONG THE BOTTOM OF LAKE TOPAL, EACH ABSORBED BY SUSPICION AND DOUBT. SOMEBODY HAD STOLEN THE FATHER OF DIAMONDS, YET NO ONE COULD NAME THE CULPRIT!

SUDDENLY THE TRAVELLERS STOPPED WALKING. AHEAD OF THEM THE WATERS SWIRLED AND BUBBLED--AS IF THEY HAD FRIGHTENED SOME MARINE ANIMAL...

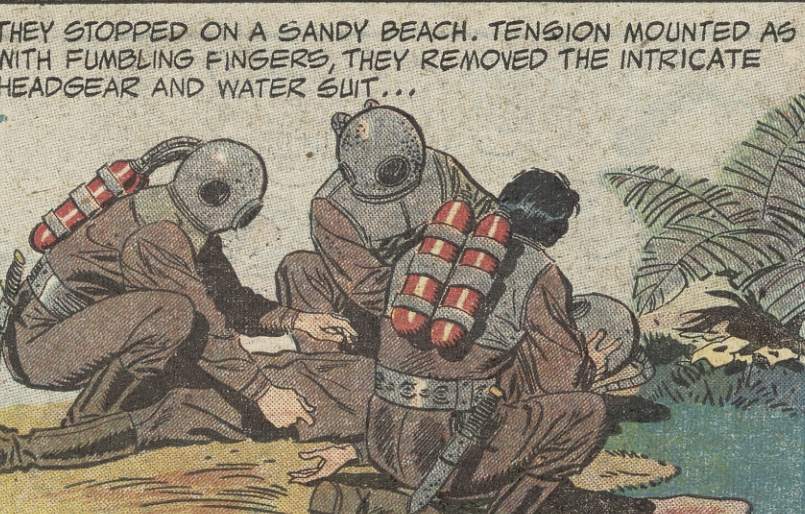

AND SOON THEY FOUND THE ANIMAL'S PREY WAS NONE OTHER THAN THEIR TREACHEROUS COMPANION, OUT-STRETCHED-- WITH THE CASKET CLUTCHED IN A LIFELESS HAND!

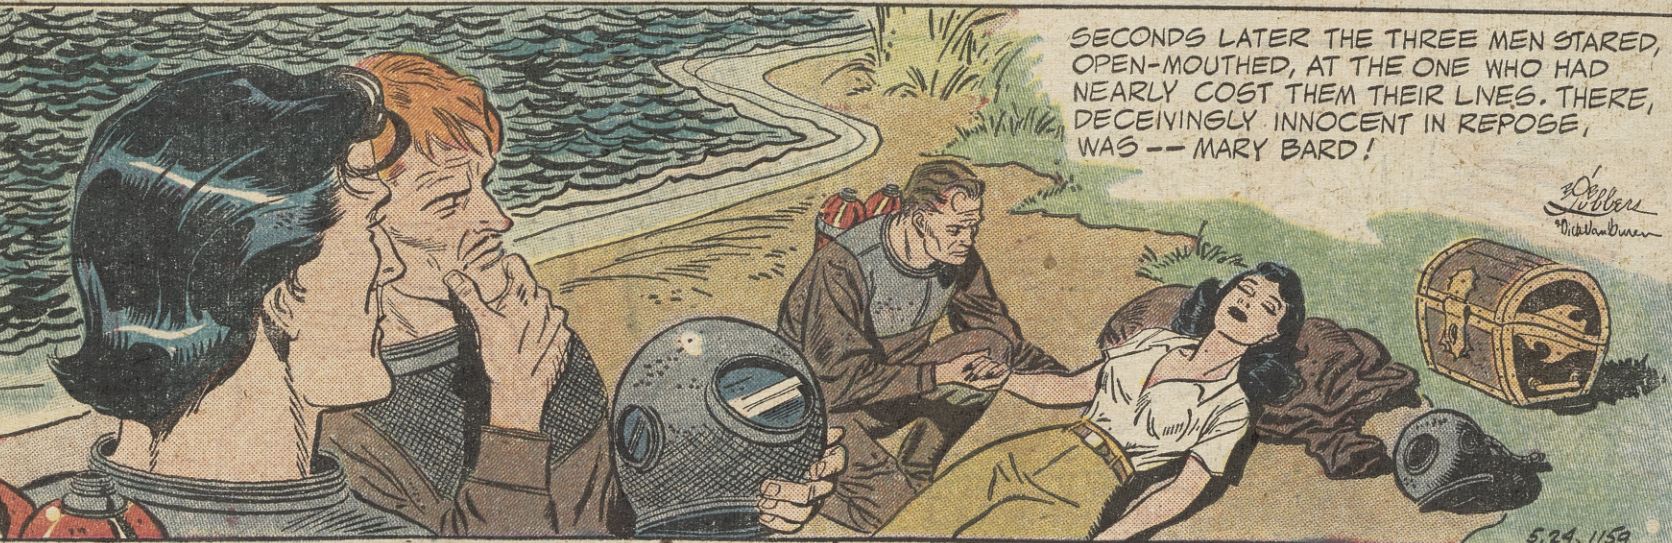

NOW THE SURVIVORS HURRIED OUT OF THE WATER TOWARD SHORE, EAGER, CURIOUS TO LEARN THE DEAD PERSON'S IDENTITY.

Copyright 1953 Edgar Rice Burroughs, Inc. - This Story is a Part of the "Tarzan" Series. Distributed by United Feature Syndicate, Inc.

THEY STOPPED ON A SANDY BEACH. TENSION MOUNTED AS WITH FUMBLING FINGERS, THEY REMOVED THE INTRICATE HEADGEAR AND WATER SUIT...

SECONDS LATER THE THREE MEN STARED, OPEN-MOUTHED, AT THE ONE WHO HAD NEARLY COST THEM THEIR LIVES. THERE, DECEIVINGLY INNOCENT IN REPOSE, WAS -- MARY BARD!

BEFORE THE TITLED BUCK TOOTHINGHAM WILL MARRY JUDY HAGSTONE, HE INSISTS ON SEEING HER FAMILY TREE!

WHAT A STAGGERING COINCIDENCE! YOU HAVE THE SAME INCOMPLETE 14TH CENTURY ENTRY ON YOUR FAMILY TREE THAT WE TOOTHINGHAMS HAVE ON OURS! ...THERE--THOSE FAINT LETTERS...G-R-O...WITH THE REST OBSCURED!

PROBABLY A DUKE, OR SOME HIGH-RANKING OFFICIAL OF THE GOVERNMENT, EH... SON?

I'VE TRACED THE G-R-O-ENTRY BACK THROUGH SOME... AH... RATHER DISREPUTABLE BRANCHES OF OUR FAMILY RIGHT BACK TO THE SOURCE...

WHAT DID YOU FIND OUT ABOUT THE (CHUCKLE) RASCAL?

WE DISCOVERED HE MADE QUITE A REPUTATION NOT ONLY AS THE LOCAL DON JUAN... BUT HAD ANOTHER PECULIARITY THAT MADE HIM AN OUTSTANDING MEMBER OF THE COMMUNITY...

AND WHAT WAS THAT?

HE SPENT HIS ENTIRE ADULT LIFE WITHOUT EVER PERMITTING A SINGLE DROP OF WATER TO STAIN HIS PERSON.

TELL ME--DID YOU FIND OUT THE REST OF OUR (CHOKE) MUTUAL RELATION'S NAME?

YOU'RE C-CHOKING ME, PATER... YES, WE DID... IT TURNED OUT THAT THE FELLOW'S NAME WAS GROGGINS!

JUST AS I SUSPECTED!! NOW CLEAR OUT OF MY HOUSE, YOU... YOU GROGGINS, YOU!!

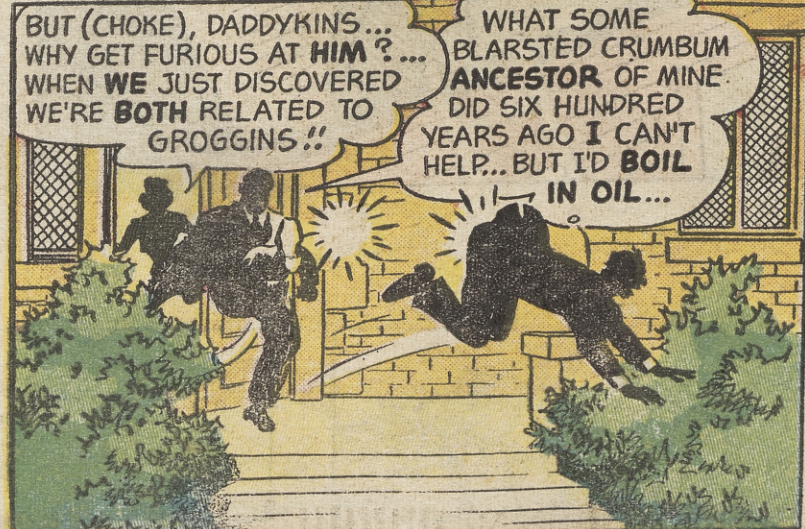

DADDY, STOP! HE'S A GENUINE EARL!

BOP!

BUT (CHOKE), DADDYKINS... WHY GET FURIOUS AT HIM?... WHEN WE JUST DISCOVERED WE'RE BOTH RELATED TO GROGGINS!!

WHAT SOME BLARSTED CRUMBUM ANCESTOR OF MINE DID SIX HUNDRED YEARS AGO I CAN'T HELP... BUT I'D BOIL IN OIL...

BEFORE I'D KNOWINGLY PERMIT ANOTHER DROP OF GROGGINS BLOOD TO CONTAMINATE THE HAGSTONE NAME!

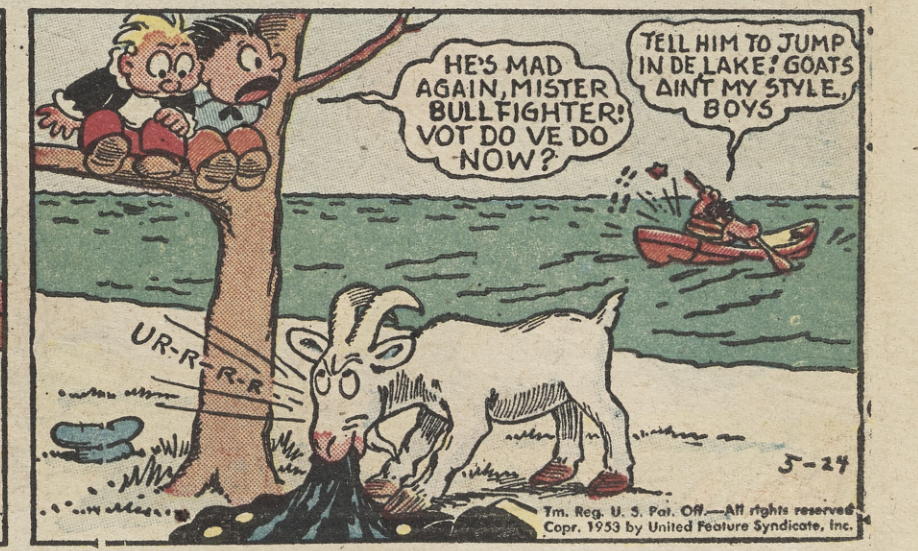

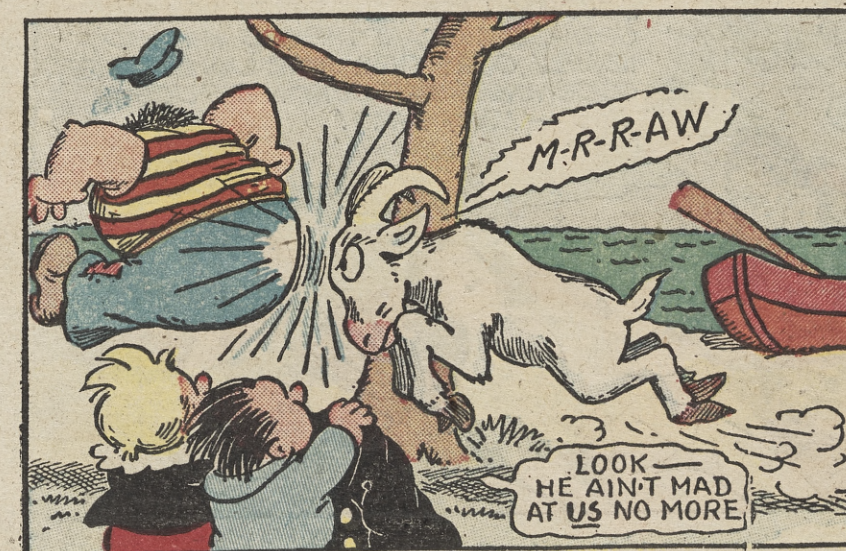

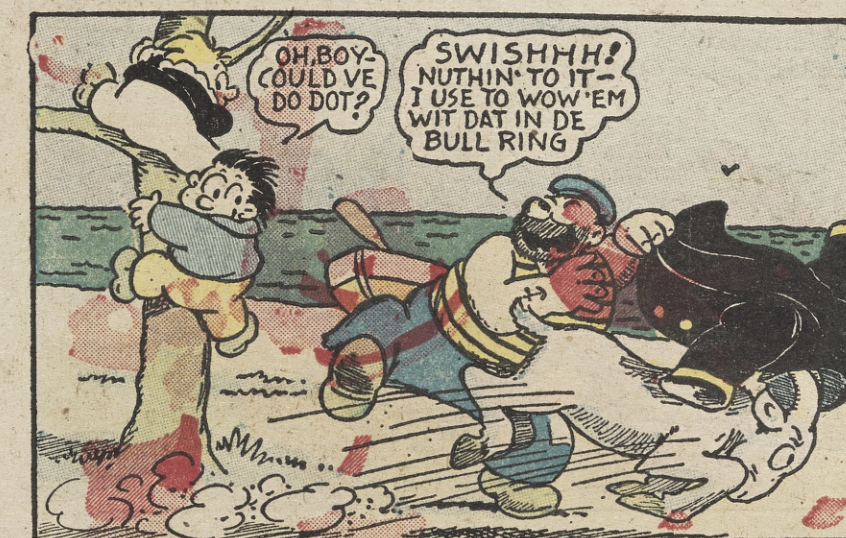

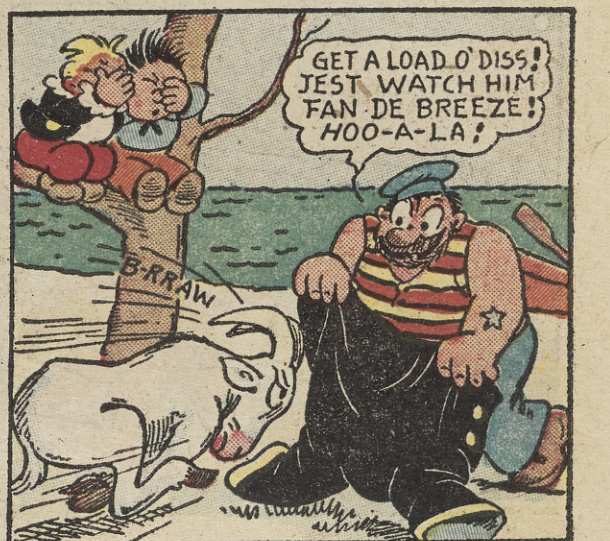

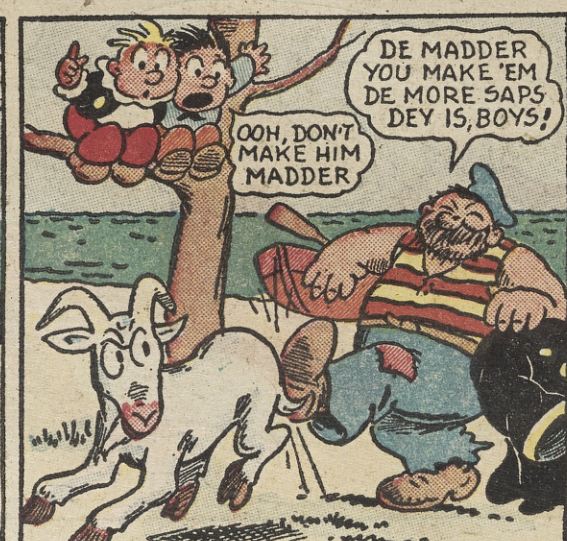

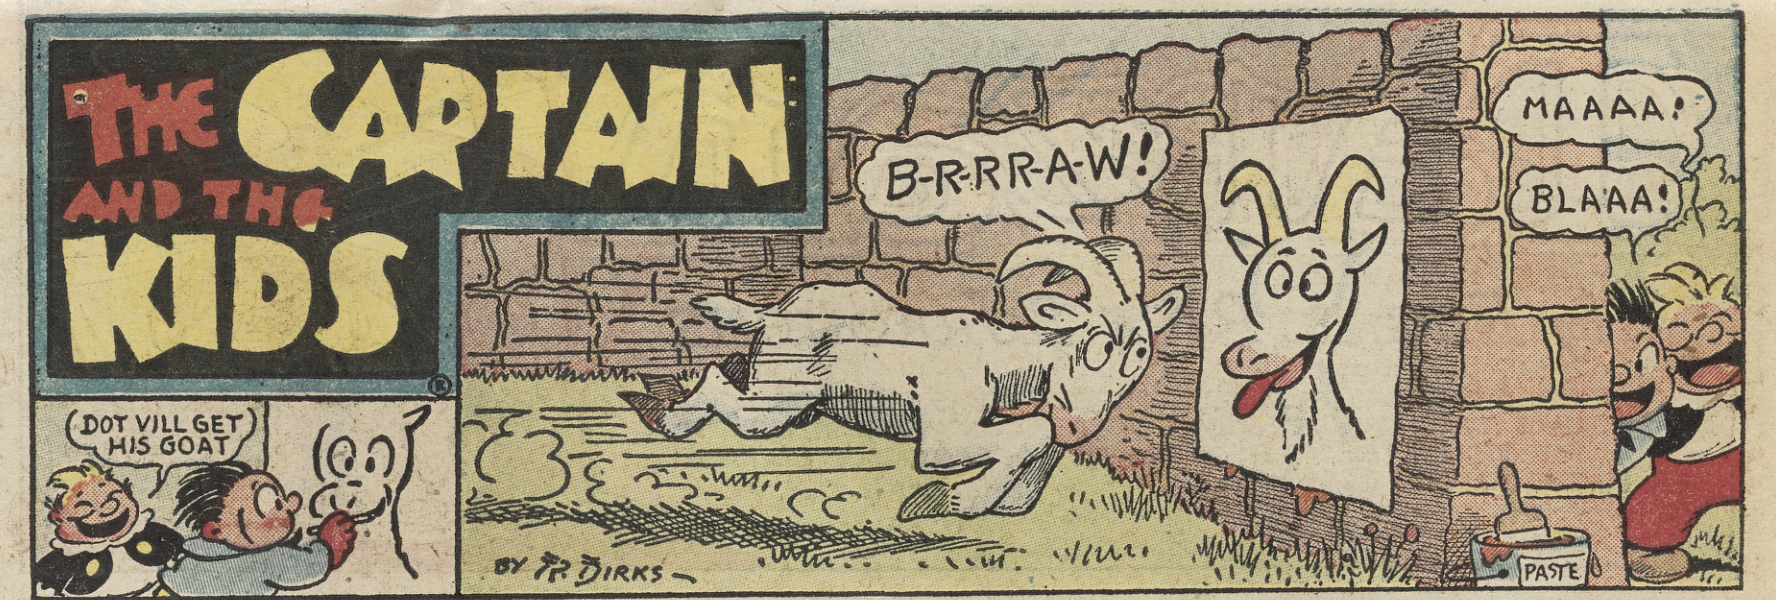

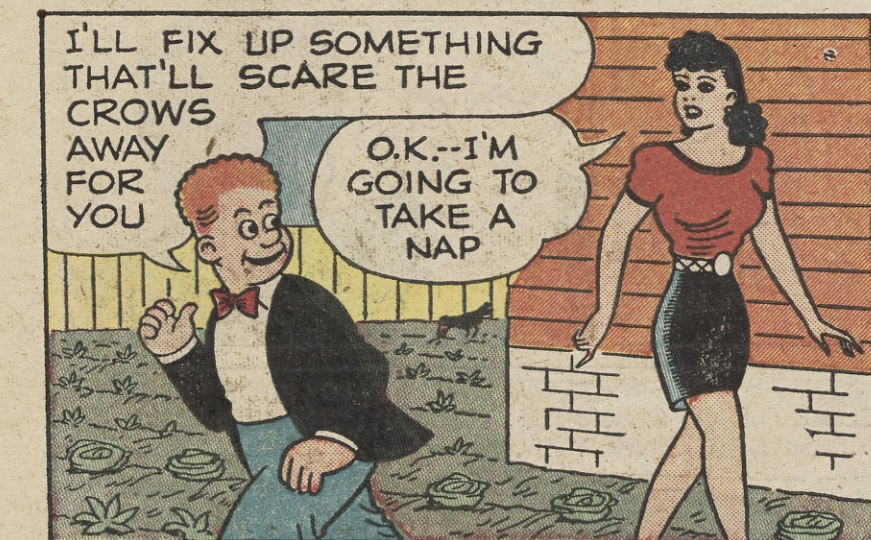

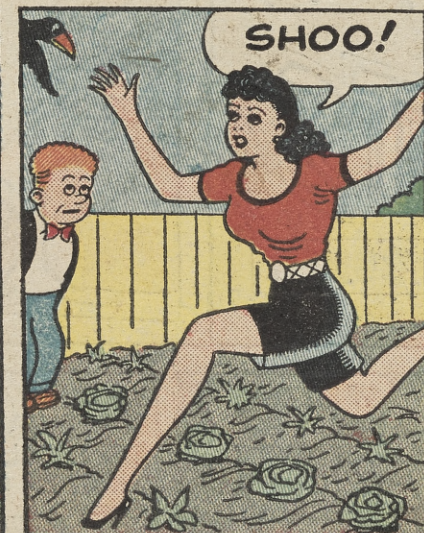

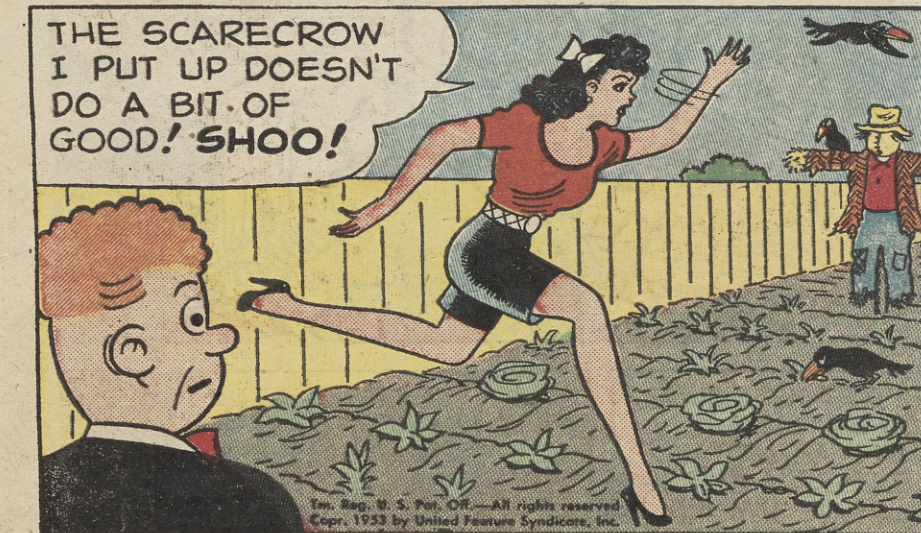

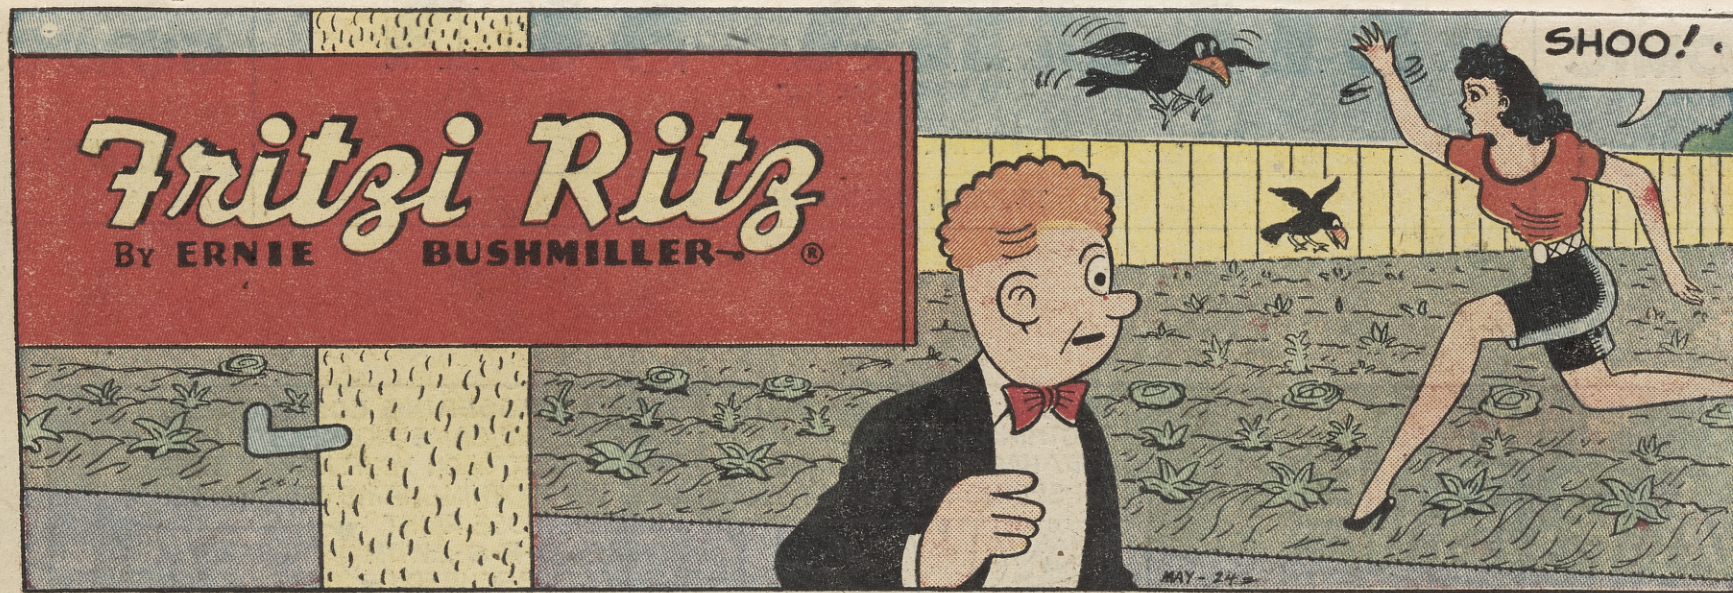

I (SNIFF! SNIFF!) SMELL SOMETHING BURNING...

YOU SURE DO, BABY... AND THAT'S THE LAST FAMILY TREE I'LL EVER FINANCE!!

ARE YOU GOING TO PLAY WITH US TODAY, TRUDY?

NO, TEDDY-- MOM SAYS I HAVE TO PRACTISE--

ALL I DO IS PRACTISE! I NEVER HAVE ANY FUN--

YOU'RE DOING FINE, TRUDY! WHAT'S THE NAME OF THAT PIECE YOU'RE PLAYING?

5-24-53

THAT'S NO PIECE, DADDY-- I'M PLAYING THE SCALES!

WELL--YOU PLAY THEM VERY WELL--I'VE NEVER HEARD ANYONE PLAY SCALES WITH SUCH FEELING BEFORE--

THAT'S NOT FUNNY! I'M GETTING SICK AND TIRED OF PRACTISING EVERY DAY!

WHY DO I HAVE TO LEARN TO PLAY THIS OLD PIANO, ANYWAY?

BECAUSE IT'S A SOCIAL ASSET-- GIRLS WHO PLAY THE PIANO ARE ALWAYS POPULAR--

AN EASIER WAY FOR ME TO BE POPULAR, DADDY-- IS FOR YOU TO BE RICH!
